Genijalno.ba is looking for JavaScript (ReactJS) Junior/Mid level Developer

Software Architecture, Software Philosophy, Patterns, Interfaces and Abstractions, Documentation and Unit Testing...

All these are not just fancy words for you, or you know someone who does that... but you actually live to implement them yourself in every line of code you write?

If the answer is Yes, then we might be the Team you need!

Min. 1 (one) Years of real experience on a project.

If you're interested, please send us an email or write us a letter, including your CV and motivation letter. Here's the address:
